

# Indie

**What am I?**

Blue Tongued Skink Lizard

**Where do I live in the wild?**

In the jungles of Indonesia and Australia.

**How am I looked after as a pet?**

I live in a big tank with special lights to keep me warm and healthy. I need rocks, stones and branches to climb around on and hide under.

**What do I eat?**

I am an omnivore. I eat small insects, meat, eggs, salad, fruit and vegetables.

**What do I look like?**

I have smooth brown scaly skin, a long body and tail and little legs. My long tongue is an amazing bright blue colour.

**Why do we love Indie?**

Indie is a clever and lively lizard. He is a young boy who is learning to sit still on a cushion so you can stroke him and look at his cool tongue.

**My story: Hi! My name is Indie the Blue tongued Skink. I came to Lion Learners East Midlands from a breeder when I was 6 months old. She had handled me and my brothers and sisters a lot so we learnt when we were babies that people are our friends.**

**I am a nosy and lively lizard and I love to explore. When I am out at events Kristan says that people like me to sit on my cushion so they can stroke me. I try really hard to sit still and I am told I'm getting better at it all the time!**

**At home I love to be out of my viv exploring and getting up to mischief! I also sleep quite a lot in my favourite cave. I love to eat too, especially fruit and scrambled eggs.**
