

Percy & Remy

What are we?

Guinea Pigs

Where do I live in the wild?

Our wild Cavy cousins come from South America. Guinea Pigs as we know them are domestic animals kept as pets in the UK and a food source in some parts of the world.

How are we looked after as pets?

We live together in a large indoor cage with lots of tunnels to hide in and space to run around. We have playtime every day, in the garden in the spring and summer and inside in the winter as we don't like cold wet weather!

What do we eat?

We love to eat! We have lots of grass or hay to nibble on all the time. For breakfast we have a bowl of veg and salad. In the evening we have a small portion of Guinea Pig food.

What do we look like?

Like furry potatoes with little legs and round bodies! Percy has short grey fur and Remy has crazy golden fur which grows in lots of different directions! Sometimes he needs a trim around his bum to help him stay clean and tidy!

Why do we love Percy & Remy?

Percy & Remy are best friends who do everything together. They are very calm and friendly and they are happy to sit on their pet cushions on your lap so you can give them some fuss!

Our Stories

Percy is a rescue guinea pig. Remy joined Lion Learners East Midlands with his brother Raffy. When they were 8 weeks old. He instantly bonded with Percy and they have been best friend ever since. Remy is quite a bossy boy but Percy doesn't mind. He is happy for Remy to be in charge so they are the perfect pair. Remy also helps Percy when he is feeling nervous as he a very confident and laid back piggy.

Where can we visit?

Anywhere!

Schools, parties, care homes, nurseries, pre-schools, events and anywhere else you can think of!

We can be handled by children and adults of all ages.
